

Oct. 7/22

To ArranElderslie Township Council

We, the undersigned, as residents of 4<sup>th</sup> Street SE in Chesley, are asking the council to please do something about the excessive speeding on our street. It is already designated as a Community Safety Zone but we need action to ensure compliance. Apparently, the addition of speed bumps has already been introduced and rejected. Therefore, may we suggest the addition of a stop sign at the end of the street before drivers race down the hill to the community centre.

Make the hill entrance pedestrian only.
