**WHEREAS** installing tile drainage is a very common land improvement practice among farmers in Ontario and provides many benefits that allow for increased yields, improved soil conditions and reduces the risk of crop losses; and

**WHEREAS** the Municipality of Arran-Elderslie is proud of its strong agricultural heritage and continues to thrive as a growing agricultural leader; and

**WHEREAS** the cost of installing a tile drainage system has increased exponentially over the years with the average cost per acre reaching \$2000 and beyond, coupled with the rising cost per acre of farmland further strengthening the need to invest in the lands to maximize profit realizations; and

**WHEREAS** the OMAFRA Tile Drainage Loan Program allows for a loan of up to seventy-five percent of eligible costs to install a tile drainage system to a maximum of fifty-thousand dollars in any fiscal year, to an individual, as an individual, or in their role in a partnership or corporation; and
